

CHRISTIANACARE

POLICY:	Communication Technology and Support
DEPARTMENT:	GMEC
DATE OF ORIGIN:	January 22, 2001
LAST REVISION DATE:	December 1, 2021
REGULATORY REFERENCE:	ACGME

POLICY:

CC shall provide access to adequate communication technologies and technological support, to include at least computers and access to the Internet, for all residents/fellows.

PURPOSE:

To define the level of communication technologies and technological support for residents.

SCOPE:

All graduate medical education programs at CC.

PROCEDURE:

The Graduate Medical Education Committee shall monitor communication technologies and technological support for all residents/fellows and ensure adequacy. Issues concerning communication technologies and technological support shall be brought to the Information Services Department by the DIO, as necessary.
