Core Concepts of Patient and Family Centered Care

What our Patients are Saying -

Participation

“Everyone knew the goals and processes, and they worked together to address my needs and to facilitate my improvement.”

Respect and Dignity

The staff “treat patients with dignity and respect, take time to listen and follow through on communication and meeting patient needs.”

Collaboration

“I was so impressed by the excellent communication and respect between and among the Drs, therapists, nursing staff, and care providers at every level.”
