Staying Safe...

As the country and state begin to re-open, the best way to stay safe and healthy is to **CONTINUE** to follow the below guidelines.

✓ Please continue to **STAY AT HOME** as much as possible!

- ✓ *Do NOT visit friends and family, especially anyone hospitalized!*
- ✓ *As a transplant patient, YOU ARE CONSIDERED HIGH-RISK FOR INFECTION, so please wear a mask when going out.*
- ✓ *WASH YOUR HANDS with soap & water as frequently as possible, after touching doorknobs, elevator buttons or handrails. USE hand sanitizer only if you are unable to wash your hands with soap and water.*
- ✓ *AVOID TOUCHING YOUR FACE AT ALL TIMES! This is how the virus enters your eyes, nose or mouth.*
- ✓ *STAY AT LEAST 6 FEET AWAY FROM OTHERS WHEN IN PUBLIC.*
- ✓ *BE SAFE AND CONTINUE TO PRACTICE SOCIAL DISTANCING!*
